HARBANSPURA, PAKISTAN, ASIA

"I Have Lost My Son, but I Will Not Give Up My Lord."

AYSHA BIBI (pictured left) is a Christian, who works as a housekeeper in Pakistan, where false allegations against believers are common. She was accused of stealing from her employer's home, a charge she has strongly denied. Police arrested her son and tortured him before her eyes. After she was sent away, her son was killed, and his body was dumped in front of her home. The grieving mother said, "I have great faith in my Lord Jesus Christ. He is my Saviour, and He suffered death for my sins. I am asked to convert to Islam every day. I have lost my son, but I will not give up my Lord. Instead, I will serve Him, and one day I will meet again with my precious son." (Please pray: A CRI partner is negotiating for a satellite television channel reaching all of Pakistan. Another partner is presently discipling Muslim converts in the country.)

"Unshackled"—Best Evangelistic Program Ever

THE "UNSHACKLED" RADIO program produced by Pacific Garden Rescue Mission, under the direction of Mrs. Flossie McNeill, is the longest running radio show in history. For 65 years the dramatized testimonies of changed lives have powerfully impacted unsaved listeners across the globe. "Unshackled" is the best evangelistic program ever produced for radio! CRI has more salvation decisions from this program than any other program we air.

Fifteen national pastors and missionaries are expected to attend the media sessions. While on this trip, the CRI leaders will inspect two radio stations (one in David, and the other in Panama City) for possible purchase. Please pray for the conference and God's will about the two stations.

Surgery Scheduled for May 12

DR. DARRELL MOORE, former director of FBMI, will be having knee surgery at Duke University Hospital to correct a serious life-threatening infection in his body. The recovery is expected to take six months. Please pray for miraculous healing and that the Lord will give the surgeons wisdom concerning Brother Moore's treatment. If possible, please send a gift to help this modern-day "Apostle Paul." The address is: Dr. Darrell Moore, 112 Dullis Circle, Garner, North Carolina 27529.

CAPE VERDE, WEST AFRICA

Seeking a Radio License

PASTOR SHAWN CUTHBERTSON has recommended that CRI work with Paul Pritchard, President of Preach Evangelistic Ministry, who serves in the Cape Verde Islands off the western coast of Africa. Brother Pritchard (pictured with his wife) wants to build a radio station which would reach one-half

million Portuguese-speaking people on twelve islands. He has also agreed to produce Portuguese language television programs at Lighthouse Global Studios.

MOROGORO, TANZANIA, EAST AFRICA

License Still Pending

MISSIONARY JERRY WYATT III (pictured left) is still waiting for a license from the government to build a new Christian radio station in Morogoro. All funds have been raised, and equipment is already at the site. CRI provided funds for the backup battery system and the transmitter. Thank you for being a part. Please pray for immediate approval for this license.

110 Saved Through Radio!

GREAT NEWS! In the last two months, 110 people were led to the Lord as the direct result of Amazing Grace Radio under the direction of Missionary Gregg Schoof. These

salvations are indicative of the consistent response we receive from this radio network, which reaches 25 million people in five countries. Please pray for two more licenses: one in Muhanga in the north on Mt. Sinai and one in the south in Kinanira. (Pictured: The Schoofs with the Zarris)
